MY PORTFOLIO

 <https://iam-abir.vercel.app>

PROFESSIONAL SUMMARY

I am a software engineering student with practical full-stack development and database management experience, proficient in MySQL, Java, and the MERN stack, and familiar with basic cybersecurity principles. I have successfully delivered major academic group projects that highlight my strong technical expertise and problem-solving abilities. Driven by a commitment to continuous learning and innovation, I seek opportunities to contribute effectively to software development teams.

EDUCATION

Bachelor of Technology (Computer Science & Engineering) || JIS UNIVERSITY

Achieved average CGPA : 9.00

[2022 - 2026]

Higher Secondary Education [12th] (Science) || Basanti High School, WBCHSE

Percentage: 79.4%

[2019 - 2021]

TECHNICAL SKILLS

CODING LANGUAGES

• JAVA • SQL
• PYTHON • C

WEB DEV TECH

• JAVASCRIPT • HTML
• NoSQL • MERN STACK

DATABASE TECHNOLOGY

• MongoDB • MongoSH
• MySQL • PL/SQL

OTHER EXPERTISE

• Generative AI
• Cybersecurity [Basics]
• Linux & Kali Linux
• Microsoft Office tools

SOFT SKILLS

- Leadership
- Situation-handling
- Quick-Learner
- Critical-Thinking
- Problem-Solving
- Effective Communication

PROJECTS

• ETHER VOX - Decentralized Voting System

Blockchain-based decentralized voting system using *Ethereum, Solidity, React.js, Tailwind CSS, Node.js, Express.js, and MySQL*, integrated with *Meta Mask, IPFS, Web3.js, Ethers.js, Truffle, and Ganache*. Ensuring a robust, highly secure, and scalable architecture with significantly improved performance.

• LIFE LINK – Healthcare Management System

Life Link is a full-stack healthcare web platform using *React.js, Node.js, Express.js, MongoDB, JWT*. It offers secure login, chatbot support, doctor appointments, profile management. The system ensures mobile responsiveness, fast performance, and encrypted data, improving patient care and digital healthcare efficiency.

To view additional projects, please visit my **GitHub** profile.

PROFESSIONAL EXPERIENCE

I am a fresher and aspiring software engineering student from Kolkata, studying at a Tier-3 university, seeking my first entry-level role. I aim to apply my academic knowledge and creative project innovation to transform challenges into digital solutions.

CERTIFICATION

- Google AI Essentials certification From Coursera
- Cybersecurity certification From Coursera [Basic fundamentals]
- Advanced Computer Architecture From NPTEL [58 %]
- Programming in JAVA From NPTEL [78 %]
- TCS ion Career Edge–Young Professional certification
- Introduction to Data Science from Infosys Springboard

LANGUAGE

- English (Working Proficiency)
- Hindi (Working Proficiency)
- Bengali (Expert proficiency)

INTERESTS

- Puzzle Solving
- Playing Chess
- Technical Reading
- Equity Market Research
